RINET Accounts

RINET Accounts are dial-in Internet accounts available to staff of LORI libraries as well as RI teachers. One access number, 455-0268, provides toll-free connection from anywhere in RI. A RINET email address is also available with the account if you choose to activate it.

Detailed instructions for setting up a RINET account with any flavor of Windows or a Macintosh are available on the RINET website at www.ri.net/RINET

If more than one person in your library would like a RINET account, please designate one contact person, and submit the names, titles/positions, and email addresses of additional staff requesting accounts.

Send completed sheet to Sheila Carlson at DSL or at OLIS, One Capitol Hill, Providence, RI 02908
 For more information call 222-5754 or email sheilacn@gw.doa.state.ri.us
